

SF-540A

Auto Laminator

SF-540A

Product Introduction

Automatic laminator- Heavy duty from Sunfung is a hot laminator that allows the flexibility of single side OPP roll film lamination and encapsulation providing an affordable and effective solution to outsourcing.

It is built for continuous use on an everyday basis, and constructed using parts of the highest quality only. The hydraulic laminator has been designed to help breathe life into your business by allowing you provide customers with a service you previously had to outsource, enabling you to offer your customers a true one-stop shop.

The automatic laminator designed in-house by Sunfung to help breathe life into your business by allowing you to provide your customers with a service you previously had to outsource. It has anti-curl technology to ensure that whatever you laminate comes out smooth and flat. Also it has an automatic feed with auto-overlap. This is the best value single-sided laminator on the market, is simple to use, easy to maintain, quick and reliable.

The automatic feed with auto-overlap makes it easy to feed your work through the laminator and the separator ensures it's ready for the guillotine the moment it's been laminated.

Automatic laminators from Sunfung have unique anti-curl technology, in sync with the control panel, ensures that whatever you laminate – a menu, a book cover or a sheet of business cards – comes out flat with no curl or uplift.

SF-540A

Auto Laminator

Main Feature

- Fully new automatic feeding system with overlap feature
- Convenient touch screen operation
- Auto paper feed guide
- Chrome heating roller
- Transducer speed adjust system
- Powerful pneumatic system with lamination pressure adjustable
- 7 level anti-curl system
- Pneumatic auto separation system
- Inner perforation tool
- Foil system
- Air shaft
- Slitter blade
- Auto paper feed sensors
- Counting feature

Technical Parameters

Model	SF-540A	
Max film size	0.53*3000m	
Film thickness	17-32 Mic	
Core size	φ75mm	
Film outer diameter	φ320mm	
Feeding capacity	450mm	
Paper thickness	135~450g/m ²	
Max paper length	540*800mm	
Min paper length	200*300mm	
Lamination speed	1~20m/min	
Temperature	80~140°C	
Heat up time	20min(100°C)	
Display	Touch screen	
Lamination pressure	Pneumatic	
Lamination roller diameter	top heat roller	160mm with chrtime
	Down roller	120mm rubber roller
Overlap accuracy	±2mm	
Power	7000W	
Voltage	AC 3P/N/PE 400V, 50/60Hz	
Net weight	365KG	
Gross weight	415KG	
Dimensions	1850*1020*1500 mm	
Package size	1360*1100*1350 mm
